APRIL 6, 2021 REFERENDUM

As a result of careful planning, proactive repayment of previous debts to reduce interest costs, and current historically low interest rates, the District can fund both referendum questions (if approved) without increasing the debt portion of the school property tax rate over the current level.

QUESTION #1 | \$17,550,000

Add a new public/school library with dedicated parking for public library users; update/add Career and Technical Education (shop) areas and classrooms; improve student drop-off/pick-up and expand parking; add air conditioning; and enhance Ebben Field/outdoor athletic facilities (Phase 1).

QUESTION #2 | \$2,590,000

Enhance Ebben Field/outdoor athletic facilities (Phase 2) by adding lit tennis courts, additional parking, bleachers, bathrooms, and a stadium sound system.

If one or both questions are approved, *the referenda will NOT increase* the tax mill rate for debt payment over the current level.
