Scheduling/Billing Information:
Mrs. Neil Coordinator Kohler Kare 803-7250

Free play consists of students being able to pick from the different centers, assorted board games, and play dough. Teacher will be assisting the different play areas with the students and joining with a different group each day.

Nap/rest time the students will be resting on their own sleep mats which parents provide. Children can be allowed to read a book quietly if not a sleeper.

Scheduled activities for the week are centered on a theme of the week that was being used in the morning JK classes or of the teacher's choice. Choices of activities can consist of dress-up, craft projects, putting on skits, reading different books about the theme, dancing, and age appropriate work/color sheets. We have craft projects such as beads for bracelet/necklace making, fuse beads, wooden projects, and finger paints. If the project does not take the full allotted time, a small other activity will be planned. This is a complete hand on with teacher involvement at all times.

Children will be only released to parents at any time. We need written authorization or an email to release children to anyone other then the parent. A phone call by the parent will be documented with the date and time received.
