Honors classes are more challenging and require more preparation time than regular classes. AP classes are college-level and may earn college credit; therefore, require much more time for preparation and review. Be sure to discuss probable time commitments in addition to extra-curricular activities/athletics with your child.

The master schedule for the 2020-2021 school year is developed based on these course requests. Once requests have been entered and the master schedule and teacher course offerings have been developed, students are unable to make changes to those requests.

If a student is requesting 3 or more AP courses, you are seeking an exception to Kohler High recommendations.
